

| Item Name                  | Item No. | Description                                      | Price   |
|----------------------------|----------|--|---------|
| pCMVInt                    | POT-001  | Site specific recombination plasmid-attB         | Inquiry |
| pFRT/lacZeo                | POT-002  | Site specific recombination plasmid-FLP/FRT      | Inquiry |
| pCAG-Flpe                  | POT-003  | Site specific recombination plasmid-FLP/FRT      | Inquiry |
| pCAG-Cre                   | POT-004  | Site specific recombination plasmid-FLP/FRT      | Inquiry |
| pcDNA5/FRT                 | POT-005  | Site specific recombination plasmid-FLP/FRT      | Inquiry |
| pcDNA3.1-Cre               | POT-006  | Site specific recombination plasmid-Cre/Lox      | Inquiry |
| Super PiggyBac Transposase | POT-007  | Transposon-PiggyBac                              | Inquiry |
| PiggyBac 3'LTR             | POT-008  | Transposon-PiggyBac                              | Inquiry |
| PiggyBac Dual Promoter     | POT-009  | Transposon-PiggyBac                              | Inquiry |
| PiggyBac 5'LTR             | POT-010  | Transposon-PiggyBac                              | Inquiry |
| pCS2FLAG                   | POT-011  | Vertebrate expression plasmid                    | Inquiry |
| pTRKH3-ldhGFP              | POT-012  | Lactic acid bacteria (LAB) expression plasmids   | Inquiry |
| pSAG1::CAS9-U6::sgUPRT     | POT-013  | Toxoplasma gondii expression plasmid             | Inquiry |
| pIJ8860                    | POT-014  | Streptomyces                                     | Inquiry |
| pMV261                     | POT-015  | Mycobacterial expression plasmid                 | Inquiry |
| pGOAL19                    | POT-016  | Mycobacterial expression plasmid                 | Inquiry |
| p2NIL                      | POT-017  | Mycobacterial expression plasmid                 | Inquiry |
| pBC-hygro                  | POT-018  | Filamentous fungi expression plasmid             | Inquiry |
| pCSN44                     | POT-019  | Filamentous fungi expression plasmid             | Inquiry |
| pAN7-1                     | POT-020  | Filamentous fungi expression plasmid-Aspergillus | Inquiry |
| pPD49_83                   | POT-021  | Worm expression plasmid                          | Inquiry |
| pBC1                       | POT-022  | Milk expression plasmid                          | Inquiry |

|                      |         |                                      |         |
|----------------------|---------|--------------------------------------|---------|
| pRK2013              | POT-023 | Mobilization helper plasmid          | Inquiry |
| pCANTAB 5E           | POT-024 | Phage display plasmid                | Inquiry |
| pGH112               | POT-025 | Conjugal plasmid-E.coli/Streptomyces | Inquiry |
| pSPL3                | POT-026 | Cloning plasmid                      | Inquiry |
| pGEMEX-1             | POT-027 | Cloning plasmid                      | Inquiry |
| pACYC177             | POT-028 | Cloning plasmid                      | Inquiry |
| pEGM-7ZF(+)          | POT-029 | Cloning plasmid                      | Inquiry |
| pEGM-3ZF(+)          | POT-030 | Cloning plasmid                      | Inquiry |
| pEGM-11ZF(+)         | POT-031 | Cloning plasmid                      | Inquiry |
| pBluescript II KS(-) | POT-032 | Cloning plasmid                      | Inquiry |
| pBBR1Tp              | POT-033 | Cloning plasmid                      | Inquiry |
| pBluescript II SK(+) | POT-034 | Cloning plasmid                      | Inquiry |
| pUC119               | POT-035 | Cloning plasmid                      | Inquiry |
| pBBR1MCS-5           | POT-036 | Cloning plasmid                      | Inquiry |
| pBBR1MCS-4           | POT-037 | Cloning plasmid                      | Inquiry |
| pBBR1MCS             | POT-038 | Cloning plasmid                      | Inquiry |
| pBBR1MCS-3           | POT-039 | Cloning plasmid                      | Inquiry |
| pBBR1MCS-2           | POT-040 | Cloning plasmid                      | Inquiry |
| pBR322               | POT-041 | Cloning plasmid                      | Inquiry |
| gRNA_Cloning Vector  | POT-042 | Cloning plasmid-CRISPR/Cas9          | Inquiry |
